

2009-10 Undergraduate Academic Department Outcome Assessment Cycle

Summary

Submitted by Sonya Hildreth, Director of Learning Assessment

July 2011

Numbers as of 6/30/11

College	Departments (based on web doc listing depts. & Chairs)	Outcome Assessment Reports Received	Of these, # writing within curriculum assessed	Written statements from dept. or associate dean explaining lack of assessment process*	Total # of reports or statements received / no report or statement
CAHSS	16	11 1 plan	7	1	12/4**
CNRS	12	8	4	3	11/1**
CPS	8	3 reports 1 draft	3	4	8/0

*"Placemaker" assessment statements were received from 8 - History, Computing Science, Mathematics, Oceanography, Child Development, Liberal Studies, Kinesiology & Rec Admin, Nursing.

** NO report/NO statement for an additional 5 departments - Geography, Journalism & Mass Comm, Native American Studies, Philosophy and Physics & Astronomy

2010-11 assessment reports for 2010-11 are due September 30, 2011 to be loaded into the software package archiving PREP (Program Review, Evaluation and Planning). An assessment plan for 2011-12 is also due at this time to be loaded into PREP.

The number of programs that did not submit an assessment plan for 2010-11.

I have no 2010-11 plans from 9 departments - Geography, Journalism & Mass Comm, Native American Studies, Computing Science, Envr Resource Engineering, Geology, Mathematics, Oceanography, Physics & Astronomy. They may have a plan and may have assessed an outcome, but I have nothing archived for these departments.

NOTE: The newly launched PREP software package will be instrumental in future tracking and archival of assessment documents and processes along with other information required for program review.
